

WESTERLY OFFICERS COMING

To Fifth Company's Ball in Norwich—Inspection Postponed—Trolley Mail to Ashaway Starts Today—Quarry Owner Pledges Granite for Foundation of New Hospital—Vicinity Notes.

As Maj. Charles H. Ledward and Adj. Arthur N. Nash, who were to be the inspecting officers, had previously accepted invitations to attend the reception and ball of the Fifth company, navy coast artillery, in Norwich, Tuesday evening, the complimentary inspection of the Fifth company, West-ly, announced for the same evening, has been postponed. The inspection will be given later to Senator Louis W. Arnold, Representative Albert H. Langworthy and the members of the Westerly town council. Next Tuesday is the regular drill night of the local company.

Error was made in the publication of the taxable grand list of the town of Stonington, as it did not correspond with the abstract filed with the town clerk. The grand list, as compiled by the assessors, who completed their work Saturday noon, is \$5,321,746. Last year the grand list was \$5,943,132, which shows a decrease of \$621,386. This is caused by a general depreciation in volume and value of taxable property. This would be far-ther decreased if the C. B. Cottrell Sons plant took advantage of the ten years' exemption clause to all corporations capitalized for \$50,000 and over and applied to improvements and additions to plants at any period. The Cottrell concern is the only manufacturing industry in the town of Stonington that has not taken the benefit of exemption from taxation, for any part of the large plant.

With the growth of the oyster business and the beneficent laws of Rhode Island regarding the lease of oyster grounds, the Point Judith salt pond is a money maker for the town of South Kingstown. The town council last week leased over eighty acres, which brings the total leased grounds in the pond nearly up to 600 acres, and gives an annual income to the town's proportion, of about \$2,000. This showing for the first year of leasing oyster grounds by the town, is appreciated, as it not only provides an additional revenue, but also establishes a business that gives employment to many men at a season of the year when there is slackness in other work in a town such as South Kingstown.

Mrs. Mary Pinkham has brought suit against the town of Stonington to recover \$5,000 damages for injuries received by reason of a defective highway in Water street, in the village of Mystic. The papers were served by Deputy Sheriff C. W. Smith, and are returnable to the February term of the superior court for New London county. Mrs. Pinkham stumbled against an obstruction on the bridge, and fell, breaking her nose and kneecap, disfiguring her face, and causing permanent lameness.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. Bridgeport.—There has just been filed with the secretary of state papers incorporating the Bridgeport Webbing company.

ASTHMA WILL NOT LEAVE YOUR child without the use of some remedy to assist nature. You may hope for a chance as he becomes older, but how foolish to delay when the chances are all against him. Asthma WILL continue and be more difficult to cure because of injury to the THROAT, BRONCHIAL TUBES and LUNGS. Send for (free) sample and testimonials. FRANK EMERSON (Apothecary), Lawrence, Mass.

Teeth Without a Plate
is the greatest boon of modern times. I wish you could understand the difference between having teeth with a plate and teeth without a plate. One is firm, comfortable and lasts a lifetime; the other covers the roof of your mouth, destroys the best part of the taste. One never falls down; the other often does. When it is necessary to wear a plate, DR. SYDLEMAN will make you one that will fit.

The Boston Store

Norwich's Most Notable January Sale

OF CHARMING NEW Undermuslins

Broader Varieties and Greater Varieties than at Any Past Time.

Please remember that last July prices of embroideries were one-fourth to one-third lower than they had been in years, and much lower than they are today. Prices of cottons broke at the same time. We acted for you at that time — and acted promptly. We realized that the opportunity was ripe for preparing for our great January Sale of Undermuslins and placed contracts for the many thousands of dainty, snowy white garments that are now here. The result is that purchasers at "The Boston Store" are to have finest qualities and at the same time enjoy savings that we may conservatively say averaged at least 25 per cent.

Come and get your share of these remarkable values. We have held many notable January sales, but none fraught with greater economy possibilities for you. Very important points about these offerings are that they fit perfectly, the stitching is fine and in keeping with the general character of the garments, all seams are covered—in brief, they are made under most scientific principles and under the best sanitary conditions.

Sale Begins This Morning.
